KUNDIG WIDE BELT SANDER

BRILLIANT -RRKd 3-Head Sander SN# 5534 2012

\$ 39,900

Belt Size: 43" x 75"

- 1. Head CONTACT ROLLER: 30 HP
80° Shore hardness
Ø 6,3" diameter
- 2. Head CONTACT ROLLER: 24 HP
50° Shore hardness
Ø 6,3" diameter
- 3. Head COMBI HEAD: 18 HP
CONTACT ROLLER:
35° Shore hardness
Ø 6,3" diameter
AIR CUSHION PAD:
3,1" width

- Belt Cleaner: STANDARD
- Feed Motor: 2 HP
- Vacuum Device: STANDARD

Brilliant Sanding Unit

- Pivots from standard 90° position to 100° to the conveyor. (See photo)
- The belt's 100° attack angle creates a shear cutting action. Stock is removed w/ less effort.
- Pivot mechanism ensures a secure, stable position after thousands of changes. Accuracy is not affected.
- Use with Contact Rolls for improved stock removal.
- Use with Electronically Controlled Segmented Pads for:
 - Improved Veneer finish sanding
 - Improved Lacquer finish sanding

Brilliant Combi Unit. Note two head tie down locations

NOTE: All used machines are fully inspected. All parts which are missing, broken, or show excessive wear are replaced. Each machine is fully tested to ensure proper operation. Each machine is fully cleaned, but not painted.
