

A Winning Combination from Holz-Her

You can take advantage of Holz-Her's award-winning technology combined with *Special Pricing!*

The advanced technology of Holz-Her's Evolution 7405 CNC machining center ensures extraordinary speed and performance with its ability to machine **all four sides** of your workpiece! The Evolution delivers enhanced precision in a remarkably small footprint and is equipped with a revolutionary workpiece holding system that leaves no pressure marks from clamps.

It's clear that there's no better time to make this award-winning technology the workhorse of your production process. Act now to take advantage of Holz-Her's special pricing opportunity while supplies last!

\$79,900* including installation and training!
